DETAILED ACTION

Currently claims 2-9, 11-18 and 20-23 are pending.

Claims 1, 10 and 19 were cancelled and new claims 21-23 are added.

REASON FOR ALLOWANCE

In view of Remarks filed 5/26/2005 and new independent claims 21-23, claims 2-9, 11-18 and 20-23 are in condition for allowance.

The following is an examiner's statement of reasons for allowance: as to independent claims 21-23, the closest prior art of record alone or in combination with other prior art fails to teach or fairly suggest the method/system as claimed in claims 21-23, in particular the key distinction between the closest prior art of Tilles et al and the instant claimed invention is that Tilles et al does not rely upon air plenum means defined within a housing for generating air stream **outwardly** from said housing and **toward** the conveying surface of said conveyor belt as required by independent claims 21-23.

Accordingly, now claims 2-9, 11-18 and 20-23 are allowed (hereafter renumbered as claims 1-20).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
